

## FINAL JOB INSPECTION

Dear Customer:

We, at the **Designer Stone Company**, consider our customers as individual and living human beings, not just numbers. We are always happy to hear from you and sincerely thank you for and appreciate your business. Our goal is to make you a happy and satisfied customer so that you would recommend us to your friends, neighbors, and family. As part of our efforts to assure quality workmanship and customer satisfaction, the craftsman who provided your custom installation are required to perform a final job inspection with photo documentation and a written check off. This is your written copy of that final inspection. Should you have questions concerning the stone you have selected or the workmanship that went into your custom installation, please don't hesitate to contact us immediately at **1-866-860-4747** or **1-740-492-1300**.

\*\*\*\*\*

- The stone material installed has been properly formed, fitted, squared and leveled to assure the best fit and appearance to the underlying and supporting components and structure?
- All seams, if any, conform in appearance and spacing to industry standards?
- The edge profile conforms to the job requirements.
- Stone overhang, if applicable, conform to the job requirements.
- Stone surface and edges inspected for abrasion, popping or chipping that would place it outside of industry standards?
- Sink, If applicable, is positioned according to job specifications, properly secured and sealed.
- Faucets and/or their respective cut outs, if applicable, are properly positioned and secured according to the job order requirements and the industry standards.
- Stone surface has been properly cleaned, prepared and sealed.
- After being properly sealed, the stone surface and edges have been inspected for any un-natural fissures or blemishes that would place it outside industry standards.
- The dust, dirt, cutting and trash originating from our work have been cleaned up.
- The completed job and this inspection document were personally review with the customer. OR, in the event the customer was not present upon completion, this document was left with the installation for the customer to review.

**NOTE TO THE CUSTOMER:** It is our policy to clean up any mess we have created as a result of performing the work required to complete your job. In a construction/remodeling environment, where other persons and other work is being performed, we cannot and do not accept any responsibility for messes or damage originating with other work activities in, around or on the material(s) we have installed, including but not limited to, sinks, appliances, floors, walls, etcetera, after we leave. We photo document, in detail, all completed jobs before leaving.
